

Brokers Guide to DynaTrail Dispatch

This guide provides step-by-step instructions for freight brokers using DynaTrail Dispatch.

Inside this guide, you will learn how to:

- Set up your broker account
- Create and manage loads
- Dispatch carriers
- Track shipments
- Generate invoices and manage billing
- Use reports and operational tools

Whether you are new to DynaTrail or looking to refine your workflow, this guide will walk you through the complete broker process from order creation to final invoicing.
